Tenkasi, Tamil Nadu

PROFESSIONAL SUMMARY

Final-year Computer Science and Engineering student with hands-on experience in Full Stack Web Development, Java, and UI/UX Design. Skilled in building responsive, user-friendly web applications using HTML, CSS, JavaScript, React.js, and MySQL. Completed a Full Stack Developer internship delivering real-time projects with authentication and database integration. Eager to contribute strong problem-solving and development skills to a growth-focused software development role.

TECHNICAL SKILLS

Programming Languages: Java

Web Technologies: HTML, CSS, JavaScript

Databases: MySQL

Frameworks : React.js

Tools & Technologies: VS Code, UI/UX Design

Version Control: GitHub

PROJECTS

Digital Online Shopping Web Application

HTML, CSS, JavaScript, Java, React.js, MySQL

- Built a full-featured e-commerce web application enabling users to browse products, manage shopping carts, and place orders online.
- Designed an intuitive, user-friendly front-end interface to improve navigation and overall user experience.
- Implemented backend functionality to efficiently manage product listings and user data.

Contribution: End-to-end design and development of front-end and backend modules | Key Features: Product browsing, cart management, order placement

INTERNSHIP / TRAINING

Full Stack Developer Intern

- Developed front-end and back-end components of web applications using HTML, CSS, and Java.
- Built and maintained responsive web applications featuring user authentication and database integration.
- Collaborated with team members in an agile environment to deliver real-time projects on schedule.
